Date: 1/9/07

Response to Office Action dated January 3, 2007

Examiner: Shumaya B. Ali

Ref: Application No. 10/634,369

Please consider the claims included in the fax of September 27, 2006 for the prosecution of this patent. This was a re-fax of an earlier August 28, 2006 fax that had a portion of each page missing. As a result some of the claims were not visible and this resulted in the office action of September 21, 2006. The specific information missing was as follows:

Claim 1 was missing two strikethroughs and underlined changes

Claim 4 was missing four lines of strikethroughs

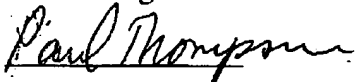

Claim 10 was missing four lines of strikethroughs

Claim 14 was missing completely

Claim 15 was missing all but the last two lines

The fax of September 27, 2006 had all of the missing information with no amendments to claims. The fax of 9/27/06 should be considered a replacement for the fax of 8/28/06. This contains the missing information that is the subject of the Office Action of 1/3/07. Therefore, please withdraw the Office Action of 1/3/07.
